Knee Deep Brewing Company was founded in Nevada in June 2010 by brew master Jeremy Warren. Keen Deep leased the former Beermann's Brewery in Lincoln before moving to their new 28,000 square foot facility in Auburn, CA. They have 14 year round beers on tap. Knee Deep received several awards; most notably the Hoptologist DIPA (my favorite) which took the Gold Medal in 2013 at The Bistro 14th Annual DIPA Festival.

Knee Deep has a rapidly growing reputation and is becoming known for their unique blends and creative outlook on brewing. I'm sure you will be able to find something to quench your thirst plus something to compliment your beer from JJ's Smoke-N-BBQ food truck that will be at the Brewery from 3:30-8:30 PM

Spouses, family, and friends are welcome to attend.

Please contact Ray Tschirhart at (714) 392-9282 or Rtshirt@suddenlink.net if you plan on attending. The deadline for signing up is Tuesday, May 17th.
